

Fun activities

11th May 2020

Each day of the week you will have something fun to do!

- We will have a set “fun task” for children to do
- Each day there is something new to try!
- **Monday**- Science- Sun fun experiment.
- **Tuesday**- Music - Learning the Summer song
- **Wednesday**- Geography- learn about summer
- **Thursday**- PE- Boom Chika boom- summer version
- **Friday**- Art - Create a beach picture.

Monday

- Make a rainbow using a glass of water, white paper and the sun.
- <https://www.sciencekids.co.nz/experiments/makearainbow.html>

Tuesday

- Learn the summer song!
- Can you think of all the things you do during the summer?
- <https://www.youtube.com/watch?v=mVhh0oATqBI>

Wednesday

Think about summer!

- Where do you go?
- Who do you see?
- What do you do?
- What's the fun things do you do?
- How do you know it's summer?

Talk with someone in the house about summer

Can you draw a summer picture? What will be in it?

You can also try the sensory poem! Copy and try it

Name: _____

Title: My Sensory Poem!

I see _____

I hear _____

I taste _____

I smell _____

I feel _____

Thursday

- Watch this dance to Boom Chicka Boom, can you name all the things you do during summer?
- PE: Boom Chicka Boom: summer edition-
- <https://www.youtube.com/watch?v=hfZ-438Drls>

Friday

- Create a picture of the beach
- Can you draw a picture of the beach? The video will help
- Can you add any materials you can find in the house? Maybe glitter, leaves and bottlecaps
